Kevin Coyne (Ph. 304-926-0499 x 1110, E-mail: Kevin.R.Coyne@wv.gov) and Denise Hakowski is the R3 contact (215-814-5726).

Thank you!

Erica

I am looping OGWDW in on this. They have been working with this issue in another venue. I hate to see us trip each other up. Who is the contact in WV?

Subject: WV needs assistance in developing MCL/MCLG for crude MCHM

Hi all,

I just got a note from R3 asking who a POC might be for WV to work on an MCLG for crude MCHM. It sounded from Betsy S's update in the SHPD biweekly this morning that Beth's folks had been working furiously last week to pull the most recent data on this chemical.

Beth – do you have someone in your branch that would have availability to work with WV? I'm checking with them on timing.

Thank you,

Erica
